

Discreet design. Powerful performance.

Blackwire® 435

Where premium sound and flexibility meet personalized style.

plantronics

Blackwire 435

Discreet design. Powerful performance. Meet the first headset designed for Unified Communications that's as discreet as it is professionally sound. Providing a choice of mono or stereo audio options and wearing styles, a durable protective carrying case and the superior audio quality you've come to expect from Plantronics — the new Blackwire 435 has the perfect balance of style, sound and flexibility.

DISCREET, PORTABLE DESIGN

- Its modular design gives end users a choice of mono or stereo audio options and wearing styles
- Low profile design is ideal for video conferencing, PC telephony and other multi-media applications
- Durable, portable design easily tucks into travel case, ideal for professionals on-the-go

SIMPLICITY AND OUTSTANDING AUDIO QUALITY

- Answer/end/mute controls simplify call management while inline indicator lights show call or mute status
- Noise-canceling microphone reduces background noise
- Wideband delivers heightened speech clarity, providing the best possible PC audio quality
- A dynamic EQ feature optimizes your voice quality when on calls and automatically adjusts the EQ settings when you're listening to music or want high quality sound for multi-media playback
- Enhanced Digital Signal Processing (DSP) provides more natural sounding voice

RECOMMENDED ACCESSORIES

- Neckband kit for behind-the-head wearing (includes neckband and larger carrying case)
